

## PTX-POL-003 QUALITY MANAGEMENT POLICY

### The PowerTX Vision

**“HEALTH & SAFETY ABOVE ALL ELSE”**

Power Tx Pty Ltd is a Mackay based private company that specialises in the design and construction, modification and testing of High Voltage electrical systems and related LV reticulation/infrastructure. RPEQ certified design can be provided by our engineering consultants. Since inception, the Company’s management have continued to be responsible for ensuring the Company is capable of fully meeting the expectations of customers and clients.

The Company is committed to the principles of honesty and openness when dealing with customers and clients with respect to compliance with all relevant state and local government legislation and regulations. The Company will ensure industry standards and norms are always met or exceeded. To ensure the Company grows at a controlled rate and continues to meet contractual obligations, Power Tx undertakes formal planning for which performance indicators are established and regularly reviewed. These business objectives are formally reviewed during strategic management review meetings and, more regularly, during operational meetings.

Management is dedicated to a philosophy of continual improvement. To support this philosophy and maintain its high calibre reputation, Power Tx has developed and implemented a quality management system which complies with the quality management system requirements of ISO 9001: 2015. Moreover, the Company is third party certified to this international standard.

Power Tx ensures through ongoing training, that management and respective employees remain aware of the latest developments in their field of expertise, have adequate resources to conduct business effectively, fully understand the requirements of the quality management system and implement the documented policies and procedures in their workplace.

Management fully endorse this Quality Policy and the quality management system that has been implemented. It is the responsibility of all employees to ensure it is understood, implemented, and maintained at all levels within the Company.
